EDUCATION

Tufts University

Cumulative GPA: 3.4, *Dean's List*

Major: Bachelor of Science, Computer Science

Minor: Economics and Entrepreneurship

Coursework: Algorithms, Machine Structures and Assembly, Data Structures, Discrete Mathematics, Linear Algebra, Intro to Security, Microeconomics

Medford, MA

Expected Graduation: May 2028

SKILLS

- **Programming Languages:** Python, C++, C, JavaScript, Tailwind CSS, HTML, MATLAB,
- **Specialties:** AI/ML (NumPy, Pandas), Web Dev (React, Node.js), Git/Github, Claude, OpenAI, Docker, Terraform
- **Software/Tools:** Microsoft Office Suite, Canva, Stata, Slack
- **Languages:** Fluent in Yoruba, Intermediate proficiency in French

EXPERIENCE

JumboCode - FoodLink Project

Full-Stack Developer

Tufts University, MA

Sep 2025 - Present

- Building a React-based volunteer training platform for Food Link, helping standardize onboarding for 100+ nonprofit volunteers.
- Implemented reusable front-end components from Figma designs, improving consistency across training modules and user flows.
- Collaborated with a 15-person Agile team via GitHub pull requests, code reviews, sprint planning, and client check-ins to deliver feature updates on schedule.
- Integrated front-end views with backend REST APIs using Docker and OpenAI services, enabling volunteer progress tracking and reducing onboarding time.

Laidlaw Foundation

Laidlaw Scholar

Tufts University, MA

Apr 2025 - Present

- Selected as one of 18 scholars from over 1,000 global applicants for a research and leadership program that emphasizes ethical impact and innovation, earning a prestigious scholarship and gaining experience in interdisciplinary projects
- Led a field experiment of 17,000 observations with Prof. Laura Gee, assessing labor-market bias by race, gender, and criminal record.
- Project Manager for a 3-person team, building Stata models to quantify recruiter bias and translate findings into economic theory, policy, and DEI strategy.

[Research Poster](#) [Research Paper](#)

Urban Attitudes Lab

Graphic Designer/Research Assistant

Tufts University, MA

Jan 2025 - Aug 2025

- Designed a decentralized forecasting framework for urban planning, providing recommendations for public-sector adoption.
- Reviewed 30+ academic and industry sources to evaluate decentralized governance and incentive design across leading forecasting platforms.
- Led blockchain-based prediction market analysis, revealing 90 - 94% accuracy and key advantages over expert polling.

PROJECTS

Tamam | [Tamam Pitch Deck](#)

Mar 2026

2nd Place, Tufts New Venture Competition (\$10,000 Award)

- Designed an offline-first electronic health record system for South Sudan's 87 public hospitals, supporting patient records, referrals, disease surveillance, and continuity of care.
- Architected Android tablet, local server, delayed sync, and cloud storage workflows to support care delivery where internet and power are unreliable.

Arith | [Arith](#)

Feb 2026

- Engineered a lossy image compressor in C, achieving ~3x size reduction using DCT, color space transformation, and bitfield quantization.
- Implemented a 64-bit bitfield packing library in C with signed/unsigned field manipulation, overflow detection, and checked runtime error handling.

TransitFlow Simulator | [TransitFlow-Simulator](#)

Oct 2025

- Built a C++ command-line transit simulation engine using FIFO queues to manage station boarding, track passengers by destination, process train movement commands, and generate accurate passenger exit logs.

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Black Students in Computer Science

Co-President

Tufts University, MA

Jan 2025 - Present

- Managed communications and scheduling for 10+ members, coordinating events with 40+ attendees and improving engagement by 25%.

National Society of Black Engineers

Secretary

Tufts University, MA

Jan 2025 - Present

- Collaborated with 8 campus clubs to promote NSBE opportunities, reaching 100+ students through targeted outreach and event marketing.
- Hosted 5+ networking, academic, and social events for underclassmen, boosting first-year NSBE member engagement by 30%.

Management Leadership for Tomorrow

Career Prep Fellow

Jan 2026 - Present

- Selected for MLT's selective 18-month Career Prep program, receiving structured coaching, technical assessments, case-style training, and exposure to partner firms such as LinkedIn, Bloomberg, and Deloitte.

SEO Career

SEO EDGE Fellow

New York, NY

Aug 2025 - Present

- Receive coaching and online instruction to achieve targeted interview, technical, and professional developmental goals.
 - Built business fundamentals through case-style work on market sizing, unit economics, and competitive strategy.
 - Complete industry-specific training and assessments focused on developing technical skills, institutional knowledge, and attention to detail.
- Other Affiliations:** ColorStack, Codepath, Club Soccer, Club Track, African Student Organization, Black Mens Group,
